FOREWORD

Cantonments came to be established mostly during British period for quartering of troops and only six Cantonments were established post independence. With the passage of time, civil population was also given lands on lease/grants and thus civil population came to reside in Cantonments. The first Cantonment was established in Barrackpore (35 Kms. from Calcutta) in 1765 and the second at Danapore (Patna) in the same year. At present, there are 62 Cantonments in the country.

2. Cantonments Boards are urban local bodies, incorporated under the Cantonments Act, 2006 (earlier the Cantonment Act, 1924), to administer cantonments in India. These Boards are 'body corporates' responsible for providing municipal services to residents of these cantonments. Under the provisions of sub-section (2) of section 10 of the Cantonments Act, 2006, the Cantonment Boards are deemed municipalities under clause (e) of Article 243P of the Constitution, for the purposes of receiving grants and allocations; and implementing Central Government schemes relating to development of infrastructure and social welfare.

3. Annual administration reports for 2016-17 of these Boards are furnished under section 50 of the Cantonments Act, 2006. These are compiled and published by the Directorate General of Defence Estates.

4. Cantonment Boards have power to raise resources through taxation, fees, lease rent in respect of lands under their management and rentals in respect of properties belonging to and vested in the Board. The main sources of income of a Cantonment Board are local taxes such as house tax, conservancy tax, water tax, toll tax/octroi, lighting tax, trade and profession tax, service charges and vehicle entry fee etc. Expenditure is mostly on establishment and contingencies connected with rendering various civic services including maintenance of hospitals/dispensaries and schools.

The resources of Cantonment Boards are limited as the bulk of the property in Cantonments is government-owned which is exempt from property tax. Moreover the nature of the Cantonments is such that there is only limited trade and business activity and practically no industry. Moreover, the statutory demand of service charges levied on Government properties is presently not being met in full due to budgetary constraints. It is therefore, a challenging task to meet the expectations of the people with limited funds.

5. With the introduction of GST w.e.f 01.07.2017, the Octroi tax/Terminal tax/Local Body tax imposed by a few Cantonment Boards stands subsumed in the GST, for which compensation has been sought from the Government.

Vigorous efforts have been made by the Department to seek the share of net proceeds of revenue from the State Governments, which is a legitimate revenue of Cantonment Boards. While the Cantonments situated in the States of Madhya Pradesh, Telangana and Delhi are already getting share from the concerned State Government, the Government of Karnataka conveyed during this year its decision to share State Government revenue with Cantonment Board, Belgaum w.e.f 2018-19. Efforts are on to pursue the matter with remaining State Governments.

6. Ministry of Defence sanctions ordinary grant-in-aid to deficit Cantonment Boards to balance their budgets; the Boards also get special grant-in-aid for specific projects. During 2016-17, ordinary grant-in-aid of Rs. 268 crore was given to 45 Cantonment Boards to meet their budgetary deficit. Further, grants for creation of capital assets to the tune of Rs. 45 crore were given to 5 Cantonment Boards for undertaking various infrastructural projects like Sewage Treatment Plants, Hospital, Working Women Hostel and Dense carpeting of Roads. The Directorate General, Defence Estates took up with various Central Ministries like the Ministry of Drinking Water and Sanitation, Ministry of Health and Family Welfare, Ministry of Social Justice and Empowerment and Ministry of Women & Child Development for financial assistance to the Cantonment Boards under various Centrally Sponsored Schemes. During the year, the Ministry of Women & Child Development sanctioned grant to Cantonment Board Pune for construction of Working Women Hostel. In order to extend the benefits of Central and State Government beneficiary oriented health schemes to civilian population in Cantonments, the Ministry of Health and Family Welfare requested the State Governments to provide financial support to the Cantonment Boards hospitals/dispensaries.

7. Despite financial constraints, Cantonment Boards continue to strive to improve the civic amenities for the residents and provide efficient civic services. Cantonment Boards maintain 88 hospitals and dispensaries. The facilities provided include labour rooms, minor surgery OTs, diagnostic services, X-Ray, ambulances, specialized services, etc. The Boards also maintain as many as 204 schools, with facilities of computer education, scholarships, free books and uniforms. Boards also organize "Sports Meet" & "Cultural Meet" which give opportunities to the school children to display their talents. The Boards have also established 46 "Skill Development Centres" providing training in tailoring, embroidery, beautician courses, stenography, sewing, computer application, automobile repairing, electrical & electronics and IT applications. The Boards have also established 36 "Centers for Differently-abled Children" to address their special needs like medical examination, counselling, physiotherapy and special education.

8. Under the flagship programme of Government of India, the Swachh Bharat Abhiyaan (SBA), all Cantonment Boards have been taking earnest steps for creating clean and green Cantonment areas. As a first step, efforts are on for declaring Cantonments as ODF (Open Defecation Free) areas. Total 36 Cantonments have already been certified by the MoHUA (Ministry of Housing and Urban Affairs) as ODF. The remaining Cantonment Boards are moving at a fast pace to achieve the target by December, 2017 for such certification. For this, the entire civic infrastructure related to sanitation services is being revamped. New sewer lines are being laid, STPs (Sewage Treatment Plants) are being installed (wherever feasible), public toilets are being repaired/constructed, SWM (Solid Waste Management) projects being undertaken, drains being covered/converted to underground system and intensive cleaning along with aggressive awareness campaign is being launched. Keeping in view the financial constraints faced by the Boards, the Government has sanctioned a grant of Rs 50 crores to the Boards during the year for undertaking projects under the Swachhta Action Plans & even opened a new Head of Account to allocate funds for such plans specifically.

9. Under the “Digital India” initiatives, the Cantonment Boards have been making rapid strides for switching over to digital platforms in various aspects of Cantonment administration. “Samadhan” – an on-line public grievances redressal system has been implemented by all Cantonment Boards to make their administration more responsive to the public. “Suvidha”- a software to address the grievances of the staff has also been installed by the Boards. In e-governance initiatives, Cantonment Boards have been continually automating their office processes. Now, e-tendering and e-procurement are implemented by all Cantonment Boards. Steps are being taken by the Boards to register themselves on the GEM portal for procurement of stores. Scanning and digitization of important records, particularly land records, and inventorisation of records has been completed. Raksha Bhoomi software for computerization of land records has been installed. Most Cantonment Boards have their own web-sites. Most of the Boards are already providing e-services to the residents in taxation, birth/death registration, hospital management etc. They have also strengthened e-service delivery by including online property tax payments, water charges payments etc.

10. Keeping in tune with the Government’s initiative to create ‘Smart Cities’, 6 (six) Cantonments have been identified in the pilot phase to implement Smart Cantonment initiatives. These Cantonment Boards have been tasked to implement Smart Solutions in all aspects of Cantonment administration, including water supply, sanitation, public grievance redressal, medical services, education and e-governance. Later Delhi Cantonment was also included. Otherwise too, all Cantonment Boards have been instructed to undertake these

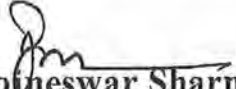

Smart Initiatives from funds available with them.

11. During the current financial year, the Cantonment Boards have gone an extra mile in their endeavor to switch over to LED lighting and to install roof-top solar panels to tap solar energy. About 32% of the existing light points have already been converted into LED lights and the figure is expected to reach to 70% by 31.12.2017. In so far as solar power is concerned, a capacity of 1152 KW has already been installed, which is expected to reach 5747 KW by 31.03.2018, which is nearly 70% of the total desired potential. The Boards are also in the process of revising their building bye-laws to adopt energy conservation measures like roof-top solar power; and water conservation measures like rain-water harvesting etc. Environment protection measures like tree-plantation and enforcing ban on use of polythene have also been taken up by the Cantonment Boards.

12. As a part of celebration of our Defence Estates Day in 2016, the 4th Defence Estates Day lecture was delivered on 08th December, 2016 by Shri Pranab Mukherjee, the then Hon'ble President of India on "Electoral Reforms for a stronger democracy". Raksha Mantri's awards for excellence were also given on the occasion of Defence Estates Day, 2017 in the fields of (a) Maintaining Centres for Differently-abled Children; (b) Improvement in functioning of Cantt Board Schools from Class I-VIII; (c) Improvement in functioning of Cantt Board Schools from Class IX-XII; (d) Swachh Chhavni Swasth Chhavni; and (e) Innovative Measure/Project for Public Good to the selected Boards for their extraordinary achievement in these areas.

13. International Yoga Day was celebrate on 21.06.2017 by all the Cantonment Boards with great enthusiasm. People of all age-group including officers, staff, their families as well as students of Cantonment Board schools and local residents participated in the event.

14. The Cantonment Boards are taking all possible steps to tap local sources of revenue for augmentation of their revenue; and provide efficient and responsive administration to the residents of the Cantonments. The steps taken by the Boards in various fields of municipal administration are reflected in these Annual Administration reports.

OVERVIEW

1. There are 62 Cantonments in the Country which are located in 19 States. Cantonment Boards are statutorily constituted local bodies and comprise elected representatives besides ex-officio and nominated members. The Officer Commanding the Station, a military officer, is the Ex-officio President of the Cantonment Board. An officer of the Indian Defence Estates Service (IDES) is posted as Chief Executive Officer in each Cantonment to perform the executive functions of the Board. The CEO also functions as the member-secretary of the Board.
2. Cantonment Boards are constituted under the provisions of the Cantonments Act, 2006. These are under the administrative control of Ministry of Defence, Government of India. Section 50 of the Cantonments Act, 2006 provides that every Board shall, as soon as may be, after the close of the year, submit to the Central Government, through the Officer Commanding-in-Chief, the Command, a report on the administration of the Cantonment Boards. Accordingly, reports for 2016-2017 are being tabled.
3. GOC-in-Chief of the Army Command concerned acts as the overseeing authority for the administration of the Cantonments situated within the respective Command. Principal Director, Defence Estates, from the Indian Defence Estates Service, is posted at each of the 6 (six) Directorate of Defence Estates, who apart from being advisor to the GOC-in-C and also to the equivalents in the Navy, Air Force etc. reports on all matters of Cantonment administration and defence land management to the Director General Defence Estates, Ministry of Defence.
4. The basic data indicating the year of establishment of each Cantonment, its population, classification and financial assistance by way of grant-in-aid by the Government is indicated in Annexure-I. A table showing the number of meetings held by the Cantonment Boards during 2016-2017 is given in Annexure-II. Details of income and expenditure of the Cantonment Boards are furnished in Annexure-III and IV respectively. Data regarding the schools, hospitals and dispensaries maintained by the Cantonment Boards is given in Annexure-V.
